CH'ING-TAO (TSINGTAO) CHINA NAVAL DOCKYARD

This memorandum is in reply to a request from ORR/D/GG for information concerning the possible location of a power plant at the Ch'ing-Tao (Tsingtao) Naval Dockyard.

Aerial photography dated [REDACTED] was carefully studied and no power plant could be seen in the naval dockyard. 25X1D

A search and study of documents in the files of OCD/IR revealed that the naval dockyard receives it's power from commercial power plants in the city. A study of the photographs indicates that this is probably true.
